THE FOUR-WAY TEST
of things we think, say, do

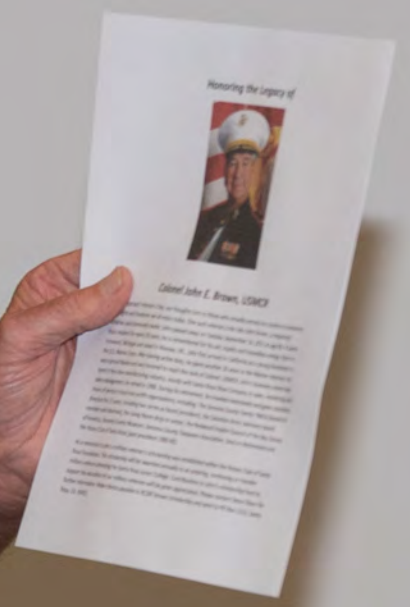

First
Is it TRUTH?

Second
Is it FAIR to all concerned?

Third
Will it build
and strengthen

Fourth
Will it benefit
all concerned?

Current effects of Climate Change in CA

- The collapse of the Pacific Current
 - What is the Pacific Current?
 - First Tropical Storm to move through California in 82 years
 - Droughts are longer and more intense
 - El Nino's are stronger with significant damage
