

# Join Us for Roseland Portfolio Days!

We are looking for community panelists....

Roseland Portfolio Days are inspiring events when students showcase their best work in digital portfolios for community panels. *It's one of our favorite days of the year!* You can sign up for part of the day, or the whole day.

**RCP Portfolio Day

The purpose of this special event is to provide students with an encouraging platform and environment to present their work professionally to the community. This setting, similar to a professional interview, allows students to engage with community members they might not otherwise meet, and also to practice essential soft skills in a supportive setting.

This is a wonderful and positive way to engage with students and learn more about our next generation of leaders!

**We hope to see you there!**
