# What is GOSC Telemedicine?

GOSC is a US-based 501(c)(3) humanitarian, all-volunteer nonprofit formed in 2013. They work through Rotary club sponsored telemedicine projects to reach the underserved with improved access to healthcare using the Internet. With the help of Medical Directors Dr. Gregory Pecchia he provide accredited continuing medical education sessions through grand rounds and promote team-based care linking doctors over the Internet.

Global OffSite Care is a catalyst for increasing access to specialized healthcare for all and providing technology platforms to doctors and clinics around the world through Rotary Club sponsored telemedicine projects.

- Total of 18 hospitals
- In 11 Countries
- Working on expanding to areas in Africa and Asia
  - Working in a current project in Zimbabwe

Butterfly IQ+ ultrasound probe	
<b>Subtotal for Additional/Optional Items = \$4,000</b>	
Training/Monitoring	
On site training, set up and launch	
Monitoring and Assessments of Projects	
<b>Subtotal for Training/Monitoring = \$6,000</b>	
<b>PROJECT TOTAL = \$14,700</b>	

# Rotaract Support for Haiti Telemedicine Project

- There were several ways Rotaract was involved during the Haiti Telemedicine team visit in 2014

Here are several ways Rotaract contributed to the success of the visit:

- Bahamas Rotaractor, Past President, helped make the connection with the hospital in Saint Marc
- The project was established in 2014-2015 Rotary Year
- Was able to fundraise \$1,000 USD to help launch the project
  - Laptop, projector, webcam, speaker

# Global Rotaract Alum Club

- Started about 9 years ago
- We currently meet once a month at 05:00 am PST via Zoom
- Started with Sonoma State University Rotaract and Bahamas Rotaract Club
- Now we allow anyone around the world to join the club. This allows our meetings to be rich in culture
- Ran as a normal Rotaract Club, have dues, projects, and board members

# Project Selection

**Is the project relevant to the needs of the community?** Do a community assessment to identify the community's specific needs and challenges. Consider how the local community can partner with your club to meet the needs the community has prioritized.

**Is the project sustainable?** Design projects that can be sustained over time, ensuring long-term impact.

**Can the project be completed with the resources available?** Assess the resources available to ensure the project's feasibility.

**Will the project have a positive impact on the lives of the people it serves?** Establish clear project objectives and evaluation metrics to assess the project's effectiveness.

**Is the project aligned with one of Rotary's areas of focus?** Ensure the project directly addresses one of Rotary's seven areas of focus if you'll be applying for a global grant to support the effort.

# GRA Focus Area

## 1. Environment

We are working in designing projects that protect and restore land, coastal, marine, and freshwater resources or enhance the capacity of communities and local governments to support natural resource management and conservation.

## 2. Health- Medical & Mental Health

We are a club that are passionate about global medical access. Many of our club members have been to Rotaplast Trips (cleft lip and palate surgery) and polio immunization trips. Our strong believe that health is critical is why we are involved in GOSC.

# GOSC & GRA Collaboration

- Each year since Rotaractors from GRA table for GOSC during the Rotary International Conventions
- We prepare for the convention by preparing the booth schedule and posters
- Rotaractors conduct an analysis report that reflects the outcome of the conference
- Promote awareness and are ambassadors of GOSC to Rotary Clubs domestically and internationally

## Why are Rotaractors important?

Enthusiastic

HOPE

Diversity

Full of Energy!

Youthfulness

Create advocacy and awareness in their microsystem and even mesosystem

Love to give back to communities

Different Cultural Perspectives

Enjoy serve above self!

## Rotary

Rotary International started in Chicago in February 23 1905 when Paul Harris, a lawyer, gathered with three friends in an office to form the Rotary Club of Chicago

## Rotaract

Rotary members in North Carolina, USA, charter the first Rotaract club in 1968, to provide young people opportunities for service
